

BLENDI – Blended Learning for Inclusion

1.9.2019 –31.8.2022

Blended learning means an approach where modern digital possibilities and online educational materials are combined with traditional classroom methods to support the learning process.

BLENDI project offers easily accessible and tailor-made solutions based on schools' wishes to support digital knowhow, and to enhance digital inclusion and equality throughout Europe. The project takes place simultaneously in five European countries: Cyprus, Finland, Greece, Ireland, and Spain.

BLENDI aims to promote inclusion for all students by:

- Improving **teachers'** digital skills
- Increasing **students'** participation in digital environments
- Offering **schools** training courses and practical tools for blended learning.
